

**June 1<sup>st</sup> Global Gift Economy with Art Brenner** – Imagine an economy where all “transactions” are done without money, and where no one is poor and no one is wealthy. To most people, this utopian vision may seem unrealistic, impractical, and perhaps even undesirable. What if an immediate, abrupt, global transition to such a utopian society, with a “gift” (needs-based) economy, is the only way to pull the reins of power away from the small number of super-wealthy maniacs. Come and learn more .....
